About BeyondAutism

We are experts in delivering autism education services from pre-school to 25. BeyondAutism is a non-profit organisation, driving change in the world of autism education to ensure autistic children and young adults access an education which empowers a life full of choice, independence and opportunity. We do this by creating positive educational experiences, training for the professional team around a child, and information, resources and support for families and carers.

Our services:

We deliver rapid and sustained outcomes in our Early Years' service by working with parents and children together. Empowering parents to feel resilient and confident in meeting the needs of their child leads to aspirational, informed choices creating a positive and successful step into primary education.

Our schools and Post-19 service have a specialist curriculum that ensures sustained success beyond the age of 25, setting children and young adults up with the skills and independence to lead a life of their choosing. By teaching them the academic and life skills they need and through the promotion of a happy, caring environment, we nurture the confidence, independence and self-belief to enable them to make the most of the next stage of their life or education.

We also work more widely, activating networks and building local capacity with our solution focused Outreach team. Our unique BeyondAutism Fast Responder® service works at the point of crisis to change the national picture and reduce school placement breakdown.
